

LOOKING AHEAD

Our association is growing tremendously and as a result, we have been able to increasingly tailor our operation to meet members' needs. We are excited to be able to offer more and more programs and educational opportunities. Our board and members have worked hard to get us to this point and we're ready to take the next step. We'd love to have you along.

The annual Inaugural Gala to install new officers is a highlight of the association's year.

The New River Valley Home Builders Association (NRVHBA) is an organization comprised of Builders and Associates doing business in the New River Valley. The Association, formed in 1976, brings Builders and Associates together to raise the bar of the building industry and offer an opportunity for fellowship while providing information on issues vital to the building industry.

The Association's goals are met by engaging members in seminars, monthly dinner meetings with featured speakers on industry topics, awarding scholarships to students pursuing careers in the building industry, and charitable activities including the construction of a picnic shelter at Kiwanis Park with volunteer labor and supplies. The Association also promotes fellowship between members through regular non-business events including golf outings, holiday dinners, Hokie game-watching parties, and other events where members go from business associates to friends.
